

A screenshot of the AUDIPIY software interface. The interface is dark-themed and features a grid of eight data analysis tool icons. Each icon is accompanied by a title and a brief description. The tools are: Ausreißer (Outliers), Boxplot / Violin, Verteilungsanalyse (Distribution Analysis), Ziffernanalyse (Digit Analysis), Lückenanalyse (Gap Analysis), Netzwerkdiagramm (Network Diagram), Geldfluss (Cash Flow), and Perabile Koordinaten (Permissible Coordinates). The AUDIPIY logo is visible in the top right corner of the interface.

ANALZYER.
Realtime data analysis

TAXCELLENCE
DER AWARD FÜR TAX TECH INNOVATION
1. PLATZ | AWARD 2025

- **Data analysis made easy:** An intuitive user interface makes complex Python analyses accessible even to non-experts
- **Real-time analysis** of large data volumes through innovative data streaming
- Support for proven **auditing methods**, modern machine learning techniques, and interactive visualizations
- Seamless **Power BI** integration for cross-file analysis

AMY.

Intelligent AI Assistant

- **SGDPR-compliant and privacy-focused** – no transfer of sensitive data
- **AI-assisted column generation and editing** – no formula knowledge required
- **Integrated chat interface** for queries, tables, charts, and optional Power BI connectivity
- **Magic Prompts:** Intelligent audit approaches, automatically tailored to your system, industry, and data structure

"Built for auditors – Designed for the future."
